Bidders Guide to User Preferences on the Bidding Website

MARCH 2016 VERSION 2.0
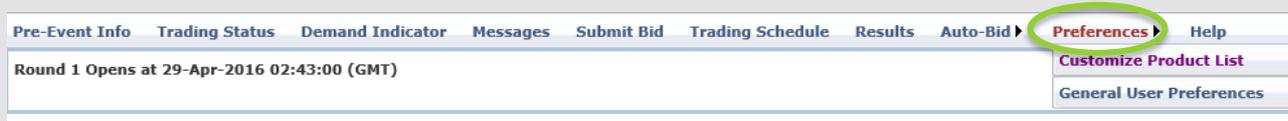

GDT EVENTS

HOW TO SET UP YOUR USER PREFERENCES

User preferences allow the bidder to customise the view of the "Trading Status" page and "Bid Submission" page to show only the products and contract periods the bidder is interested in.

User preferences can be set up anytime the bidding website is open. The bidding website is open 48 hours prior to a Trading Event. The settings will be saved for future Trading Events or until changed by the bidder.

1. Log on to the bidding website https://www.globaldairytrade.com

2. Go to **Preferences** tab.
